

# Kindness For Granted

Zhané

Let the record show, friends do come and go  
That's the way life goes  
Why do people change and memories fade away?  
This we'll never know  
See when I

See, when I find a friend  
For whom I deeply care  
I give my all and all  
I'm there for every call  
I'm always there  
But when I'm down I look around  
Just to find there's no one there  
They laugh in my face  
And I'm filled with disgrace

Don't take my kindness for granted  
And don't take my sweetness as a weakness  
They say the ones closest to you can hurt you  
Please don't prove what they say to be true  
I call you on the phone  
Seems you're never home  
Tell me what is wrong  
(Please tell me why)  
Why do people change and memories fade away  
To a place unknown  
See when I

See, when I find a friend  
For whom I deeply care  
I give my all and all  
I'm there for every call  
I'm always there  
But when I'm down I look around  
Just to find there's no one there  
They laugh in my face  
And I'm filled with disgrace

If you believe in loyal friendship  
Then you would be singing this too

Don't you take my time, my life, mmmm  
For a weakness...
