La La La

Zhané

I can't imagine how it would be
(without you here)
I heard all the people say that you're really
(in love with me)
Please tell me you feel the same way too, that you're
(still wanting me)
If you don't please let me know
So I can be all alone

Day and night, I sit and wait
Wondering if
Will there ever be a day
When I get over your love
Will I get over your touch
Will I get over the way you used to love me

It doesn't matter
It doesn't matter how many men I meet
There's something about you
Something about your smile that makes me weak
When you call my name
The sound of your voice, it lifts me off my feet
If music were love
The thought of you would always make me sing

la la la
la la la
la la la la la
la la la
la la la
la la la la la la, ahhh

You're on my mind
(you're on my mind, baby, constantly)
I'm in a daze
(I'm in a daze so won't you rescue me)
You're in my dreams
(you're haunting me, you keep haunting me)
You're all I need

It doesn't matter
It doesn't matter how many men I meet
(brings me back to you)
There's something about you
Something about your smile that makes me weak
(brings me back to you)
When you call my name
The sound of your voice, oh boy, it makes me weak
(brings me back to you)
If music were love
The thought of you would always make me sing

la la la
la la la
la la la la la
la la la
la la la

la la la la la la, ahhh

You're on my mind
(you're on my mind, baby, constantly)
I'm in a daze
(I'm in a daze so strong won't you rescue me)
You're in my dreams
(you're haunting me, you keep haunting me)
You're all I need, yeah
You're all I need
