

Off My Mind

Zhané

Baby I can't seem to get you off my mind
Memories seem to haunt me every day and every night
Lord, why don't you free my mind
So that I can love again...

Love again...

Well, I ain't over the love we had, still want you baby
I am loosing sleep, can't free my mind, is occupied
Well I ain't over the love we had, still want you baby
Well baby, then I had to leave you
I had to leave you, I had to leave you
And now I'm loosing my mind...

Baby, can't hide
Baby, then I had to leave you...

Baby I can't seem to get you off my mind
Memories seem to haunt me every day and every night
Lord, why don't you free my mind
So that I can love again...

Love again...

Well, I ain't over the love we had, still want you baby
I am loosing sleep, can't free my mind, is occupied
Well I ain't over the love we had, still want you baby
Well baby, then I had to leave you
I had to leave you, I had to leave you
And now I'm loosing my mind...
