

# Vibe

Zhané

The only time you will ever see the light  
Is when you feel the vibe and your mind is open wide  
I said the only time you will ever see the light  
Is when you feel the vibe and your mind is open wide

Listen to the vibe  
Listen to the vibe  
It's gotcha open wide  
Listen to the vibe  
Listen to the vibe  
It's gotcha open wide

People won't you be so kind to lend us all your ease  
You gotta join us in the fight but now or not best friend  
You know you're truly sangin' when you're sangin' what is real  
Open your mind and let your heart say just what it feels  
Listen to the vibe

It's gotcha open wide (gotcha open wide)  
Listen to the vibe (listen to the vibe)  
Listen to the vibe

We always feel when life is good we're doing what we should  
The vibe is right, the mood is right, and this is understood  
So won't you join us in this journey to another place  
The ride is free and it can be the best thing there  
Listen to the vibe

Listen to the vibe (listen to the vibe)  
Listen to the vibe (gotcha open wide)  
Listen to the vibe

The only time you will ever see the light  
Is when you feel the vibe and your mind is open wide  
I said the only time you will ever see the light  
Is when you feel the vibe and your mind is open wide  
I said the only time you will ever see the light  
Is when you feel the vibe and your mind is open wide  
Come on, enjoy

Listen to the vibe (listen to the vibe)  
Listen to the vibe (listen to the vibe)  
Come on, enjoy

Listen to the vibe (listen to the vibe)  
It's gotcha open wide  
Listen to the vibe (listen to the vibe)  
Listen to the vibe (listen to the vibe)  
It's gotcha open wide

Listen up, listen up, listen up, listen up  
Listen to the vibe (listen to the vibe)  
It's so alive (listen to the vibe)  
Listen up, listen up, listen up, listen up

Listen to the vibe (listen to the vibe)  
It's so alive (listen to the vibe)

Listen to that vibe
