

Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life

I had the time of my life today
Lighting a candle, I start pray
Fuck my life
Pain and strife
I think I'm going to die today
Freedom to fall into fire and flame
Fuck my life
I can't breathe this air, it stinks like
Lies, lies, lies
Hold my sword, I'll die
Wreathed in holy fire

Pulled apart a thousand
Pieces by hands with tiny fingers
Swirled into the water
Where the dogs drink
Soup for hungry

Fuck my life
I had the time of my life today
Lighting a candle, I start pray
Pain and strife
I think I'm going to die today
Freedom to fall into fire and flame
I can't breathe this air it stinks like
Lies, lies, lies
Hold my sword, I'll die
Wreathed in holy fire
Fuck my life
Fuck my life
I had the time of my life today
Lighting a candle, I start pray
Fuck my life
Pain and strife
I think I'm going to die today
Freedom to fall into fire and flame

Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life
Fuck my life

Where the dogs drink, soup for hungry
