

# Fuck The Hollywood Cult

Zheani

Just a little girl  
Family wrecked by rock n roll  
Just a little girl  
Family wrecked by rock n roll  
Just a dumb slut  
I got sharp sword  
Just a dumb slut  
I got sharp sword

Fuck the Hollywood cult  
On the TV  
The mistrust you've sown has got me stressed out  
Fuck the Hollywood cult  
On the TV  
In my phone they won't leave me alone  
Oh no  
Just a little girl  
Family wrecked by rock n roll  
That's what Hollywood sold me  
And I will burn down your whole damn hill  
Before you motherfuckers own me

Just a little girl  
Family wrecked by rock n roll  
Just a little girl  
Family wrecked by rock n roll

Just a little girl  
Family wrecked by rock n roll  
Just a little girl  
Family wrecked by rock n roll  
Just a dumb slut  
I got sharp sword  
Just a dumb slut  
I got sharp sword

Just a little girl  
Family wrecked by rock n roll  
Just a little girl  
Family wrecked by rock n roll  
Just a dumb slut  
I got sharp sword  
Just a dumb slut  
I got sharp sword

Just a dumb slut  
I got a sharp sword  
On the edge of the cliff  
This ain't a hill no more  
Check out my victory wings  
Check out my sharp claws  
See what Witchery brings  
To a dumb whore  
Dishonor it brings  
Men on horses four  
This is the goddesses will  
I bring the holy war

An angel chorus it rings  
As I open the door  
Death to the kings  
Their heads they roll on the floor

Like moths to the flame the greatest beauties of our age are gathered to be used and degraded  
Their fall monetized and forced into the minds of the next generation of victims  
Stabbed like Christ up on the cross  
Sacrificed to the profit of Hollywood  
The cult grooms their next crop of whore  
And their rewarded with mountains of gold for a crime untold
