

# The Question

Zheani

You said you fucking picked me  
'Cause I looked like your daughter, Sixteen  
You're disgusting, pedophile cunt  
Hope you're glad that I'm finally gushing  
Soft Private school boy, you're fronting  
You jacked white trash gangster style  
But I come from that Nightmare, you fake fuck  
I'm about to pay the pied piper, your luck's up  
You shared those photos while on set with Blomkamp  
Emailed them to Copely, that was a crime cunt  
Sex offending ass come to 'stralia, get locked up  
What's that sound, sirens?  
Or my boys on your block cunt?  
This ain't no me too, bitch  
This is beef and I'll beat you  
For the way you treated me  
I'll expose and defeat you  
No woe is me, woe is you  
Your voodoo is broken  
The dark force you envoked  
Words spoken coming back to haunt you  
When the questions finally asked you will choke cunt  
NINJA... Choke

Go fuck yourself Yolandi  
Give the ratties candy and they'll be eating out your hand  
I don't give a fuck, you spent a decade with the man  
Getting brainwashed by this man  
You're still playing out his plan  
And grooming up his fucking fans

You contacted me and I would bet that he told you to  
Good little renfield just the way that he molded you  
He trafficked me to Africa, that was your bright idea  
Filled me with fright and then the demon appeared  
The fear, only 20 years, to find out I'm deceived  
The nice man from the internet's not who I came to meet  
I never told what happened 'cause the fear of disbelief  
For years my brain could not conceive what happened to me

Torture ritual, candle vigil, an innocent girl and a sick individual

But you were not done yet, you would make me regret  
Not buying your bullshit like the perfect pet  
I suffered in silence, I did not complain  
Sat back and watched on as you played your games

Go ahead and tell a story and deflect how you always do  
About that "weird vegan fan" that was "soooo in love with you"  
You wrote Sex about me you wrote Ugly Boy about me  
I wrote this about you, I think it's fair trade dude

Ugly on the skin but fucking uglier within  
You claim your golden hearted but your heart is black as sin  
Welcome to your last life - think I killed you in a past life  
Just know that when your done here

There'll be demons up your ass  
Eternal hell and torture  
Hope it was worth the fame and fortune  
You dumb motherfucker  
Am I still your "rainbow girl"?
