

# TOUCH GRASS

Zheani

Shove it in my tummy, yeah, yeah  
Shove a hand through my tummy, I am a ghost, so fuck me

Fuck me, fuck me  
I am a ghost, so fuck me  
I am now a ghost  
You cannot see me  
Fuck me, fuck me  
I am a ghost, so fuck me  
Shove a hand through my tummy, and I will never bleed

What's it worth if I cannot hold you  
All night long and eat you up whole?  
I feel perfect letting you mold me  
Into a form that's so fucking wrong

Ghosting all the people, I'm ghosting all the world  
And all they do is doubt me, Black Metal Barbie Girl  
I've been drinking blood, I've been chewing veins  
I've been changing everything, but it still stays the same

No one ever knew me, you will never see me  
Shove it in my tummy, yeah, yeah  
Shove a hand through my tummy, I am a ghost, so fuck me

Fuck me, fuck me  
I am a ghost, so fuck me  
I am now a ghost  
You cannot see me  
Fuck me, fuck me  
I am a ghost, so fuck me  
Shove a hand through my tummy, and I will never bleed

What's it worth if I cannot hold you  
All night long and eat you up whole?  
I feel perfect letting you mold me  
Into a form that's so fucking wrong  
I can't see what they see in me  
If I did, then I'd be greedy

No one ever knew me, you will never see me  
Shove it in my tummy, yeah, yeah  
Shove a hand through my tummy, I am a ghost, so fuck me

Fuck me, fuck me  
I am a ghost, so fuck me  
I am now a ghost  
You cannot see me  
Fuck me, fuck me  
I am a ghost, so fuck me  
Shove a hand through my tummy, and I will never bleed

All I want, fuck me  
You'll never see me-e
