Ooooh, some people take it far  
You need friction, but they try too hard and  
Ooooh, they just don't understand  
Too much pressure, it's supply demand

I don't think you know  
You open up my eyes, I'm alive  
I'm moving to your rhythm and your vibe  
I love it when the night, is started

Oh darling you are the only one, it's automatic  
No one can love the way you do, it's automatic  
When you walk in the room you change my mood, it's automatic  
It's automatic, it's automatic

Oh darling you are the only one, it's automatic  
No one can love the way you do, it's automatic  
When you walk in the room you change my mood, it's automatic  
It's automatic, it's automatic

Ooooh, the place that needs my touch  
I know you want it, but I can't give too much  
Soooo, intoxicated baby  
You're in trouble, but you don't need no safe

I don't think you know  
You open up my eyes, I'm alive  
I'm moving to your rhythm and your vibe  
I love it when the night, is started

Oh darling you are the only one, it's automatic  
No one can love the way you do, it's automatic  
When you walk in the room you change my mood, it's automatic  
It's automatic, it's automatic

Oh darling you are the only one, it's automatic  
No one can love the way you do, it's automatic  
When you walk in the room you change my mood, it's automatic  
It's automatic, it's automatic

Ha-ha-ya, ha-ha-ya  
Ha-ha-ya, ha-ha-ya  
Ha-ha-ya, ha-ha-ya  
Ha-ha-ya, ha-ha-ya  
Baby boy, won't you come closer  
Baby boy, won't you get closer, to me

It's automatic, it's automatic  
It's automatic, it's automatic  
It's automatic, it's automatic
