

Changes

Zhu

I've been working all night (All night)
Bodies in the club, no sleep for me
The city got the invite (Invite)
Bottles and the girls, they come for me
Heard they got an appetite (Appetite)
Waiting in these lines just for me
Threw me in the spotlight (Spotlight)
I just need some darkness around me

For my pride
Drinking all my ego
For my pride
Listening to people
For my pride
Treat them as my equal
For my pride

Changes, don't be afraid of the past
Changes, life just happens too fast
Changes, are they meant to last
I'm talking 'bout changes, changes
