

Crossroads

Zhu

These oceans of thoughts
Emotions in front of me
Trade in all your time for me
Will you ever lie for me

I don't wanna feel betrayed
The cost of all my soul for fortunes
It haunts me that my past was tortured
All that you have done for me

These are reasons why
I just live my life
Looking for a sign
Running low on time

Never leave my side
I just blink it's gone
How much have we grown
Found me on my own

On my own
At the crossroads
At the crossroads
On my own
At the crossroads
At the crossroads

At the crossroad
At the crossroad
At the crossroad
At the crossroad

Say hello for me
Say hello for me
Say hello for me
Say hello for me

Say...
Say hello for me
Say...
Say hello for me
Say...
At the crossroad

[illegible]

At the crossroad
At the crossroad
