

# Drowning

Zhu

Take me where you're going  
Hit me when you're on your way home  
Feel me when I'm wrong  
Don't just be another word in my song (my song)

I know that I need ya  
You ain't gon' believe in  
No hiding my feelings  
I'm just tryna see you  
Work over the weekend  
Learn all of my secrets  
Surf over the deep ends, yeah

I'm drowning on your body  
I'm drunk on your vibe tonight  
I'm drowning on your body  
I'm drunk on your vibe tonight

I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
Girl you playing

There's more than just emotions  
I wanna hear you sing, you belong to me  
It's darker than the ocean  
Your love is sinking deeper underneath

I know that I need ya  
You ain't gon' believe in  
No hiding my feelings  
I'm just tryna see you  
Work over the weekend  
Learn all of my secrets  
Surf over the deep ends, yeah

I'm drowning on your  
I'm drowning on your  
I'm drowning on your body  
I'm drunk on your vibe tonight  
I'm drowning on your body  
I'm drunk on your vibe tonight

I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
I'm buzzing hard for you  
Girl you playing
