

Guilty Love

Zhu

Hello? (Hello)
How are you? (Yeah)
Can you talk for a minute? (Yes)
Ehm, I don't really know where to begin but...you know I came home last night to talk to my husband. And I told him about us, and, ehm, talked for a long time. And I guess long story short, we're gonna try to work things out. You and I can't talk anymore.

Guilty love
They kills us off the guilty love
Guilty love
They kills us off the guilty love
Guilty love
They kills us off the guilty love
Guilty love
They kills us off the guilty love

Guilty love (woah)
They kills us off the guilty love
Guilty love (woah)
They kills us off the guilty love
Guilty love (ooh)
They kills us off the guilty love
Woah, ooh, ooh, ooh, woah
