

# GUN

Zhu

You had better run from me  
With everything you own  
Cause I am gonna come for you  
With all that I have

I am gonna break you down  
To tiny, tiny parts  
I never believed, but I see it now  
I'm learning your lesson, I'm learning your lesson

Did it make you feel so clever  
Did you wear it on your sleeve  
Did you see another picture  
Where I was not a part so far entwined

There's no other way  
Never run far  
Take a good swing at me  
And everything is even  
So finally, we agree  
No place for promises here  
You better run, you better run so  
Hide, hide, I have burned your bridges  
I will be a gun  
And it's you I'll come for  
I, I, have never felt so easy  
I will be a gun, and it's you I'll come for

Who are you to tell me how  
To keep myself afloat  
I tread the water all the while  
You stuck in the knife  
That you held at my back

Did it make you feel so clever  
Did you wear it on your sleeve  
Did you see another lifetime  
Where I was not a part so far entwined

There's no other way  
Never run far  
Take a good swing at me  
And everything is even  
So finally, we agree  
No place for promises here  
You better run, you better run so  
Hide, hide I have burned your bridges  
Now I'll be a gun  
And it's you I'll come for  
Hide hide never felt so easy  
I will be a gun  
And it's you I'll come for

There is no other way  
Never run far  
Take a good swing at me  
And everything is even

So finally, we agree  
No place for promises here  
You better run, you better run so  
Hide, hide I, have burned your bridges  
I will be a gun  
And it's you I'll come for  
Hide, hide have never felt so easy  
I will be a gun  
And it's you I'll come for  
And it's you I'll come for  
And it's you I'll come for  
And it's you I'll come for  
And it's you I'll come for  
And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far
