How Does It Feel

Zhu

We go one way, one way
And I'm out the door
Clear the door

I hit two a side
Gotta hit it some more
Some more
I got your energy
It's a trick of the eye
Feel the D on your thighs
Baby wanna ride
Tell me how does it feel

Say you boujee with the wipe down
Tell me how does it feel
Tell your man he better calm down

How does it feel, feeling with the wipe down?
How does it feel, feeling with the wipe down?

I used to like VIP
Till' I got lazy
I used to see you and me
Till' shit got crazy (shit got crazy)
It used to be Hennessy
Bottles every night
Had ya'll niggas right
Now my money tight
Nigga's got me tight

Nigga's got me tight
(Tight tight tight tight tight tight)

Nigga's got me tight
(Tight tight tight tight tight tight)

I said you niggas got me tight
(Tight tight tight tight tight tight)

Am I fun to ride
Am I fun to ride

Tell me how does it feel
Say you boujee with the wipe down
Tell me how does it feel
Tell your man he better calm down

Yo call my accountant and shit man, I need to
Pay for the bottles and shit what the fuck is goin' on

See man
Ya'll playin' bro
I need to make this shit drop

How does it feel (feeling with that wipe down)
How does it feel (tight tight tight tight tight tight) (feeling with that wi
pe down)

Tell me how does it feel
