

# I Need That

Zhu

I feel it drippin' tonight  
I feel it all in my body  
My hands can feel all the rhythm and all  
You should know  
Surely, baby

I need that [x8]

Yeah

Yea what you what you doing now  
Aye, you ain't gotta feel bad  
Yep, Take her take her to the room  
Aye, I just gotta play it cool  
Look, I ain't really wanna go  
Yea, It's just for the low  
Yup Hit it when its ice cold  
Ice, Ice dripping down your throat

I need that [x17]
