Zhu

Intoxicate, exhilarate, stimulate, exhilarate  
Intoxicate, exhilarate, stimulate, exhilarate

I feel alright  
I feel alright, when I'm trippin' with you  
I feel alright  
The thrill, ooh

I just wanna be alone  
Taking tabs with you alone  
Everybody else is wrong  
Never feel the thrill alone

Intoxicate, exhilarate, stimulate, exhilarate

I just wanna be alone  
Taking tabs with you alone  
Everybody else is wrong  
Never feel the thrill alone

I feel alright  
I feel alright, when I'm trippin' with you  
I feel alright  
The thrill, ooh

Intoxicate, exhilarate, stimulate, exhilarate  
Intoxicate, exhilarate, stimulate, exhilarate

Intoxicate  
I just wanna be alone  
Taking tabs with you alone  
Everybody else is wrong  
Never feel the thrill alone

Intoxicate, exhilarate, stimulate, exhilarate  
Intoxicate, exhilarate, stimulate, exhilarate  
Intoxicate

And his mind is shadowed with doubt  
Intentions unknown  
A rush of pleasure duels his senses  
Run 'em by mysterious lies  
His secret heart holds the keys to the plot  
All of it unfolds with the winning man  
And this dangerous mission turns lust to fate  
The betrayal marks them with softer mark  
Like a secret that makes you sick, sick, sick, sick...
