

# ONLY

Zhu

All me, mama, put it on me  
I'm her child, I'm the only  
Living life on my own, own

Lonely, I grew up feeling lonely  
Even when I'm with homies  
It's just not enough, enough

For someone to need your loving  
I keep on calling  
I keep it all in  
I want you all in  
I'm selfish, oh

They say I'm faulted  
Can be repulsive  
I need attention  
You know I'm selfish, oh

Looking for someone to love  
Waiting for ya want you to know  
I'm looking for someone to love  
Waiting for somebody to love me  
Looking for someone to love  
You gon' be my number one  
I'm looking for someone to love  
Waiting for somebody to love me

Looking for some  
Waiting for you  
Looking for some  
Waiting for some  
Looking for some  
Waiting, be my  
Looking for some  
Waiting for somebody to love me

Baby  
I know, I found it  
All for you  
Baby  
I know, do you trust in me?  
You gotta trust in me, oh

All me, mama, put it on me  
I'm her child, I'm the only  
Living life on my own, own  
Lonely, I grew up feeling lonely  
Even when I'm with homies  
It's just not enough, enough

Looking for someone to love  
Waiting for ya want you to know  
I'm looking for someone to love  
Waiting for somebody to love me  
Looking for someone to love  
You gon' be my number one

I'm looking for someone to love  
Waiting for somebody to love me

Looking for some  
Waiting for you  
Looking for some  
Waiting for some  
Looking for some  
Waiting, be my  
Looking for some  
Waiting for somebody to love me

Baby  
I'm complicated  
You know I need all your patience  
'Cause I'm a god damn mess
