

## Rolling

Zhu

I'm only breaking bread drinking reds with my day ones  
I know that time will tell all the real from the fake ones  
I won't forget the moments in my life when I make one  
Life is a crazy game and it starts when you take one

They keep me rolling...  
They keep me rolling  
They keep me rolling on my own  
They keep me rolling...  
They keep me rolling  
They keep me rolling on my own
