

Stardust

Zhu

Carry (carry, carry)
Carry us in stardust
Carry (carry, carry)
Sometimes I missed it
Carry (carry, carry)
Carry us in stardust
Carry (carry, carry)
Carry us in stardust

Carry us, carry us, carry us
Carry us, carry us in stardust

In stardust

My friend, I'm sorry
I'm sorry your life on Earth was so short
But you lived it
You lived it to the fullest
And you were loved
Goodbye my friend

Carry us, carry us, carry us
Carry us in stardust
Carry us, carry us, carry us
Carry us in stardust
