

Stormy Love, NM.

Zhu

You don't need to come here
To tell me that you're sorry
You don't need to come here
The silence is so calming, my love
You don't need to come here
To tell me that you're sorry
And I can feel you falling
Falling in a heartbeat, my love

I seek love in the distance
Is this a stormy love?
I seek love in the distance
Is this a stormy love?

Lo-ove, love, oh
Lo-ove, stormy love
Lo-ove, love, oh
Lo-ove, stormy love

I seek love in the distance
Is this a stormy love?
I seek love in the distance
Is this a stormy love?
