

# Thrill Again

Zhu

I don't ever want to dance again, till my body hurts, I wanna feel the thrill again

I don't really wanna, I don't really wanna, I don't really wanna, ahhhh

I don't ever wanna sleep again, till my mind is empty and the nightmare ends

I don't really wanna, I don't really wanna, I don't really wanna, ahhhh

I'm on the feeling I can fly to  
Ain't coming down if the sky blue  
My inhibition bout to set loose  
If I wanna do it, I decide to  
We putting hours after hours huh  
I'm in the mood, I'm bout to power up  
Watch your girl, you know she powdered up  
This adrenaline is not enough

Drink after drink of the alcohol  
Night after nights it's an episode  
I see these kids go hard for my beats tho  
I turn the 808 up on my ego  
Stage to the club to the aftershow  
When's it gonna end I don't really know  
I'm on a week-long bender its okay though  
I need the checks in the bank then I lay low

I don't ever want to dance again, till my body hurts, I wanna feel the thrill again

I don't ever wanna sleep again, till my mind is empty and the nightmare ends

I don't ever want to dance again, till my body hurts, I wanna feel the thrill again  
(Oooh)

I don't ever wanna sleep again, till my mind is empty and the nightmare ends  
(Oooh)

I feel like I'm burnt out  
Long nights I lost count  
Poison in my mouth  
I'm biting my teeth down  
I cover my face now  
Got lost in the fake crowd  
I hate what they are saying  
But it's done, done, done  
It just feels so alone  
Who have I become  
A taste of my own blood  
It's the thrill I love

It just feels so numb  
Who have I become?  
Taste of my own blood  
It's the thrill I love

And if I go anymore  
Then my body goes

And if I go anymore  
Then my body goes
