

getting low

Ziggy Alberts

Nothing makes me feel at home like being under the stars
A hike mat in your tent or a bed in the back of your car
Nothing makes me feel at home like good company
Waking up with wet hair
Entangled in somebody

Good things take time
Longer then you might hope
Like the old clothes that we repair
Not everything here
Has to be outworn

Maybe it's just me but it feels like
I am always homesick but everywhere's home
Maybe it's just me but it feels like
I am always lonely but never alone
Maybe it's just me but it feels like
I wanna be in love
But don't know where to go
Tryin' to keep from
Getting low
Getting low
Getting low
Tryin' to keep from
Getting low
Getting low
Getting low

Nothing makes me feel alone
Not being where you are
Driftin' somewhere in the currents
Asleep between near and far
Nothing makes me feel alone
Like when I can't see
The difference in being with someone
And being with somebody

Good things take time
Longer then you might hope
Like the good clothes
That are made fair
Not everything here
Has to be outworn

Maybe it's just me but it feels like
I am always homesick but everywhere's home
Maybe it's just me but it feels like
I am always lonely but never alone
Maybe it's just me but it feels like
I wanna be in love
But don't know where to go
Tryin' to keep from
Getting low
Getting low
Getting low
Tryin' to keep from
Getting low

Getting low
Getting low

I will always strive
To never give up hope
I am better than this fear
I am stronger than I know
I will always strive
To never give up hope
I am better than this fear
I am stronger than I know
I will always strive
To never give up hope
I am better than this fear
I am stronger than I know
I will always strive
To never give up hope
I am better than this fear
I am stronger than I know
