

I'm With You

Ziggy Alberts

I remember when
I first saw your eyes
Working three doors down
From my favourite bookshop
In the world the coastline
When you wrote to me
You said that my body
It was made for yours, yours
And I'm just so grateful
That I got to know you
Here in this universe
Since then we have both been on the move

I, I've realised just how much I love you and
I, I'm ready now to give my heart to the sea again
We can live life like adventurers
I'm with you, I'm with you

Aren't you sick of being lonely just to make a little art?
Say yes! (yeah yeah)
Aren't you sick and tired of always choosing head over the heart?
Say I am! (I am)
Wouldn't it be fun to let go dance sing out under sun and the stars?
Say alright! (alright)
And even though we haven't got everything figured out quite yet
What's that saying again?
Is it practice makes perfect?

I, I've realised just how much I love you and
I, I'm ready now to give my heart to the sea again
We can live life like adventurers
I'm with you, I'm with you
I'm with you, I'm with you
I'm with you, I'm with you

Oh I'm with you
