

## Simple Things

Ziggy Alberts

So shake the cold from your toes  
And let the east coast walk you home  
So shake the cold from your heart  
If at all, and let it fall  
Cause it takes a lot to make a heart a home to love  
And it takes a lot to love your own  
But I, didn't even get your name when you walked on by  
But I held your eyes so you held mine  
Hoping you would stop so I could ask you these simple things  
Like - do you love the ocean? and could you love the ocean with  
me?

Cause I'll be yours, cause I'll be yours  
Cause I'll be yours, my love, my love  
Cause I'll be yours, cause I'll be yours

These are the simple things, and I want you, love love  
Cause these are the simple things, my love, my love

So shake the cold from your toes, and let the east coast walk y  
ou home  
So shake the cold from your heart  
If at all, and let it fall  
Cause it takes a lot to make a heart a home to love and it take  
s a lot to love your own  
But I, I didn't even get your name when you walked on by, yeah  
But I held your eyes so you held mine  
Hoping you would stop so I could ask you these, simple things  
Like - do you love the ocean? And well, could you love the ocea  
n with me?

Cause I'll be yours love, cause I'll be yours  
Cause I'll be yours, my love, my love  
Cause I'll be yours, cause I'll be yours  
Cause I'll be yours, hey!  
I'll be yours  
Cause I'll be yours, I'll be yours  
I'll be yours

These are the simple things  
But I want you, love, love  
Because these are the simple things  
My love, my love
