

## Slow Dance

Ziggy Alberts

Let's pretend like we have had this for years  
And you smiled  
But I can't pretend to try and love you with the touch of time

With your big brown eyes and a smile girl  
Well you asked  
Could you be the guy to come home, slow dance with me tonight?  
And one soft kiss at a time, move a little closer  
And you can entangle your heart in mine  
And the touch of your lips down my neck to send shivers, up my spine  
Well your eyes were closed  
And your hands wrapped in mine

And a slow dance and a bottle of wine  
And a slow dance by candlelight  
And once, and once we are done  
We'll take the phone directory in my passenger seat  
Guide us home, guide us home  
Take the phone directory in my passenger seat  
And guide us home
