

## Stronger

Ziggy Alberts

I don't need you, but I want you  
And I miss you like the sea  
When I've been spending too much time away  
And it ain't much  
A car full of boys and all of our stuff  
And the booth is messy most days

And if you come, we'll make this work  
I know we can be stronger, we can be stronger now  
And if you come, we'll make this work  
I know we can be stronger, we can be stronger now

There'll be times when I need you to tell me  
That I'm just tired and I need to sleep tonight  
Been spending too much time awake  
And it ain't much  
A car full of boys and all of our stuff  
And we wear the same clothes most days

If you come, we'll make this work  
I know we can be stronger, we can be stronger now  
And if you come, we'll make this work  
I know we can be stronger, we can be stronger now

Can I just say that, honey, I crave you  
And you make me feel like everything is alright  
And I know I make you feel the same  
And really we don't need much  
Really we just need us to learn about trust  
Then the baggage will never be heavy any of those ways

And if you come, we'll make this work  
I know we can be stronger, we can be stronger now  
And if you come, we'll make this work  
I know we can be stronger, we can be stronger now

If you come, we'll make this work  
I know we can be stronger, we can be stronger now  
And if you come, we'll make this work  
I know we can be stronger, we can be stronger now

That we can be stronger, we can be stronger now  
That we can be stronger, we can be stronger now
