

# Lighthouse

Ziggy Marley

Hey sister, the emotions have gone cold  
And a part of me is missing,  
Where the rivers used to flow  
Hey mother, I know you must be sad  
To see the things are happening  
I'll fix it if I can

I'm holding up the fire  
Lighting up the sky  
Like a lighthouse on the ocean,  
Bring you home alright  
I'm holding up the fire (Holding up the fire)  
Lighting up the sky (Lighting up the sky)  
Like a lighthouse on the ocean,  
Bring you home alright

Hey brother, some things never change  
Caesar's always Caesar, and night comes into day  
Hey father, they sold you like a slave  
To a world that takes everything,  
And gives nothing away

I'm holding up the fire  
Lighting up the sky  
Like a lighthouse on the ocean,  
Bring you home alright  
I'm holding up the fire (Holding up the fire)  
Lighting up the sky (Lighting up the sky)  
Like a lighthouse on the ocean,  
Bring you home alright

Yeah, I'm holding up the fire  
Lighting up the sky  
Like a lighthouse on the ocean,  
Bring you home alright  
I'm holding up the fire (Holding up the fire)  
Lighting up the sky (Lighting up the sky)  
Like a lighthouse on the ocean,  
I'll bring you home alright

Holding up the fire,  
I'm lighting up the sky  
Like a lighthouse on the ocean,  
I bring your home alright  
Holding up the fire,  
I'm lighting up the sky  
Like a lighthouse on the ocean,  
I bring your home alright

I'm holding up the fire,  
Oh one love
