

Lord We A Come

Ziggy Marley

Yeah, rastafari you know

Lord we a come, we a come, come, come...

See that children comin' from the nod?

Lord we a come, we a come, come, come

See that children comin' from the sat?

Lord we a come, we a come, come, come

So long we have been on our way

Lord, lord we, had to pay

Tyrants come for us to come

Oh oh, we woman we have just began

Once upon a time we were put up slaves

But we will not die in x again

All the youth shall [?] if we lead the way

And we comin' for, a brighter day

Wicked aferon?

Lord!...

So much pain we have received

Don't lead the children to disbelief

Lord!...
