

# My Helping Hands

Ziggy Marley

These are my hands, my hands are used for many things  
I brush my teeth with my hands  
I hug with my hands, I even paint with my hands

But what I really love to do most of all with my hands is help  
I help my dad to make breakfast with my hands  
I help my mom to unpack her bags when she comes  
From the store, with my hands

I help to change my baby brother with my hands  
I help to put away my toys with my hands  
I love to do many things with my hands  
But most of all I love to help with my hands, my helping hands
