

# Reggae Revolution

Ziggy Marley

Do the reggae...

It is a  
Reggae, reggae, reggae revolution  
It's got to be  
Reggae, reggae, reggae revolution

Down for the youth to take their time  
I just can't take no slackers no more  
We built in our place and through in the rest, yes  
We just can't take no slackers no more  
(All the homebugs that been[?]) they're keepin' us down  
Get on a bus and leave the town, right now  
(All the homebugs that been[?]) keepin' us down  
Just get on a bus and leave the town

Cause it is  
Reggae, reggae, reggae revolution  
It's got to be  
Reggae, reggae, reggae revolution  
I know it is  
Reggae, reggae, reggae revolution  
It's got to be  
Reggae, reggae, reggae revolution

Babylon try to keep us down  
I say, not in a million years, light years  
And, what is all this fuss about, brother sister  
Just open, open your ears

It is  
Reggae, reggae, reggae revolution  
It's got to be  
Reggae, reggae, reggae revolution  
I know it is  
Reggae, reggae, reggae revolution  
It's got to be  
Reggae, reggae, reggae revolution

Do the reggae...

Reggae, hit the storm...

Out of Babylon  
Reach Mount Zion
