

# Sunshine

Ziggy Marley

Sunshine, Oh sunshine

Life can have it's cloudy days,  
It doesn't mean you've lost your way  
And on this ride we've got to hold on  
Heaven do whatever you can

Sunshine, I see you shining again  
Shine for me  
Sunshine, I see you smiling again  
Smile for me  
Sunshine, I'll fight until  
You shine for me  
Sunshine, Oh sunshine

Sometimes I walk sometimes I fly  
Finding a way to the other side  
Who doesn't pay for their mistakes  
Jah love can never be replaced

Yeah, Sunshine I see you shining again  
Shine for me  
Sunshine, I see you smiling again  
Smile for me  
Sunshine, I'm a crying sin  
Come-a shine for me  
Sunshine, Oh sunshine

Through your eyes I'll appear  
Still hopeful as you left me here  
Open the doors of your heart  
Return the love that was lost  
The night is almost over  
The day is almost here  
Let the light of your face  
Replace the darkness of my tears

Sunshine, Oh sunshine  
I'm still surviving,  
Working tables turns and winds change  
Oh Sunshine  
Sunshine, I know you're out there somewhere  
Cause Miss Misty Morning just can't stay  
Oh sunshine

Sunshine, I see you shining again  
Shine for me  
Sunshine, I see you smiling again  
Smile for me
