Hello depression  
I hear your message  
Still don't understand (Oh)  
I know we're hurting  
Drugging and doping  
Death by our own hands (Oh)

I'm sorry that I couldn't be the one  
'Cause we can't run  
The end has come (Oh)  
I'm sorry that I couldn't be the one  
'Cause we can't run  
The end has come (Oh)

Hello my mental  
You think I should but  
I can't read your mind (Oh)  
Admit we fuck up  
Our wounds are healing  
Some can't heal with time (Oh)

Oh  
Oh

I'm sorry that I couldn't be the one  
'Cause we can't run  
The end has come (Oh)  
I'm sorry that I couldn't be the one  
'Cause we can't run  
The end has come (Oh)

Oh, oh  
Oh, oh
