

Fall Back

Zimmer90

Change is in my head
Because of heavy times I had before
Think of all the time we've never had
We've never had before
(Before)

I might give it a try, running out of fall back
(Fall back)
Maybe in my mind, I'll just gonna fall back

Do it right
You ain't gonna change it otherwise
Do it slow
You ain't gonna change it otherwise

Strangers in my head they keep me up
Keep me up at night
Sad seeing them on pause, it never worked
It never worked before

I might give it a try, running out of fall back
(Fall back)
Maybe in my mind, I'll just gonna fall back

Do it right
You ain't gonna change it otherwise
Do it slow
You ain't gonna change it otherwise
Do it now
You ain't gonna change it otherwise
Do it now
You ain't gonna change it otherwise
