

Makes Me Wanna Dance

Zimmer90

Fell asleep
In your eyes
We get close from time to time
Cold days
Warm nights
You want more and I feel

Far from myself for a while, for a while
Under the sky
I'm alive
And it makes me wanna
Makes me wanna dance
Makes me wanna dance
Makes me wanna dance

Cold kiss
In the night
We get high from time to time
Feel yourself
In the light
You want more and I feel

Far from myself for a while, for a while
Under the sky
I'm alive
And it makes me wanna
Makes me wanna dance
Makes me wanna dance
Makes me wanna dance
And it makes me wanna
Makes me wanna

Far from myself for a while, for a while
Under the sky
I'm alive
And it makes me wanna
Dance
Makes me wanna dance
Makes me wanna dance
Makes me wanna dance
