

## Summer Rain

Zimmer90

I'm away for some days  
Thinkin' about myself and the others  
Take a break by the waves  
And you'll start to see the colors

I was thinking way to loud  
Nothing else could help me like you do  
I'm waiting for the...

Summer rain  
All my fears got washed away  
So wide and grey  
Summer rain  
All my fears got washed away  
So wide and grey

Dreamin' dreams in my bed  
Made of thoughts from the past  
I am free to be myself  
Not to be somebody else

Summer rain  
All my fears got washed away  
So wide and grey  
Summer rain  
All my fears got washed away  
So wide and grey

(All my fears got...)  
(So wide and grey)  
(All my fears got...)  
I'm waiting for the...

Summer rain  
All my fears got washed away  
So wide and grey  
Summer rain  
All my fears got washed away  
So wide and grey
