

Yours & Mine

Zimmer90

Call a friend
When you're alone
Hold the line
Don't give it up
Days go by
They're taking too long
Day and night without you

And I know
That I felt this way before
You keep changing more and more
While I lose myself in silence

You got yours
I got mine
I thought we were special
But we were a lie
You got yours
I got mine
I wish you the best
For the rest of your life
I wish you the best
For the rest of your life

Words flow out
I'm feeling the rain
It hurts to know
You're leaving again
Holding on
To something you said
Oh, I know
It's already dead

You got yours
I got mine
I thought we were special
But we were a lie
You got yours
I got mine
I wish you the best
For the rest of your life

When I woke up I found myself
In a different place
I lost it all
I saw a room full of colors
And they all blended into one
The feeling came back
And I wanted to cry

You got yours
I got mine
I thought we were special
But we were a lie
You got yours
I got mine
I wish you the best

For the rest of you life
