Zinoleesky

Mama said  
You don't need no interception  
You are perfect  
Because of ur imperfection  
Anywhere any direction  
Wey u go say  
Never beg for no affection

Melo melo ni mo fe so  
In the tension dem won put me under pressure  
Won fe gbo nkan ti mo fe so  
But now I got people waiting for my next song

Something just dey tell me ride on  
No be say na me do pass  
Baba just decide to gimme through pass  
E look my life and gimme two chance

And as omo ogbon mo ride won  
But still I no too gas  
I no dey go to church but I no do jazz  
Now u see I'm living good life

Cos many many things  
Many many things  
I know say I small but my eyes don see  
Many many things  
Many many things  
Be like I cross seven mountains and seven seas

I still dey insist oga I no dey resist  
Me I don hustle now d cash no contain my Jeans  
But no be so e be yesterday  
No be so e be yesterday

Life go teach u pass professor  
On d road so no ask me where I learned from  
Always moving with precaution  
Mehn I swear say u no fit catch me for junction

Ever since I dropped my first song Me I know say  
The next one go be d best one  
Kemi gan to domo tan so mehn  
Eye too see melo ni mo fe so

Something just dey tell me ride on  
No be say na me do pass  
Baba just decide to gimme through pass  
E look my life and gimme two chance

And as omo ogbon mo ride won  
But still I no too gas  
I no dey go to Church but I no do jazz  
Now u see I'm living good life

Cos many many things  
Many many things

I know say I small but my eyes don see  
Many many things  
Many many things  
Be like I cross seven mountains and seven seas

I still dey insist oga I no dey resist  
Me I don hustle now d cash no contain my Jeans

No be so e be yesterday
