I practiced up until hello
There was no problem till then
But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so natural

I pretended to run my fingers through my hair
Because my extended hand felt awkward

My facial acting was Ha Jung Woo level
Not happy to see you at all

I pretended we have similar taste
To be honest, I didn't see that movie
I stood in front of the mirror
And said I love you

I practiced up until hello
There was no problem till then
But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so natural

Hello, hello (hello)
Hello, hello
Hello, hello (hello)
I know how to be cool and say hello
But when I see you
Woo baby baby

I already know
It's written on your face
You're awkward but so cute
You didn't even say the right movie title

Actually, I've been waiting
Actually, I've been waiting for a while
For you to say it first
That you like me, or whatever else

I practiced up until hello
There was no problem till then
But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so natural

Hello, hello (hello)
Hello, hello
Hello, hello (hello)
Even if you practice, some things don't work out
No, I don't believe that

I practiced up until hello
There was no problem till then
I know how to be cool and say hello
But when I see you
