Woo, you're beautiful

Hey hey wow wow
Sounds of awe come out
Even when I see you again, wow, wow
It won't stop
Suddenly, like a hiccup
You surprised me, I got surprised
I held in my breath for a while but it won't work
I think around 100,009,585 guys must have wanted you in that way
I'm not saying this to make you feel good
I'm just upset when I see you

She, she, she is so beautiful (so beautiful)
Wanna get, get, get close to you girl (close to you girl, ah...)
You make me upset
You make me have a loss for words
Woo, you're beautiful

All the other guys are all the same
They want a one-night stand with you
Those short texts are like snake tongues
They don't know anything
All those oppas that you know, f-ck that suckers
All the fashion people you know
They're nothing compared to me
I ain't talking about money or face

What you need is a conversation, in English, conversation
The worst are the people who only talk about themselves
If we connect really well in conversation
There's no way we can be bored, wherever we are
All those oppas that you know, fuck that suckers
All the fashion people you know
They're nothing compared to me
My baby, I'm talkin' 'bout being meant to be

Baby babe

Be my lady

Would you be my lady yeah yeah

You make me crazy
