

Nothing's Forever

Zoe Wees

Empty apartment
Feels so big without you here
Lonely in silence
Feel so lost without you near
Was it easy to leave without a trace?
Even your perfume slowly fades
Empty apartment

I thought we'd stay here forever
But now we're falling apart
You always changed like the weather
But never showed me the sun
And I see it in your eyes
That you're gonna say goodbye
I wanna stay here forever
But you let go of my heart

Happy ending
You promised the road ahead was clear
Now I'm pretending
That I will be fine without you here
Was it easy to leave without a trace?
I still wait for the flowers you never gave
Happy ending

I thought we'd stay here forever
But now we're falling apart
You always changed like the weather
But never showed me the sun (oh no)
And I see it in your eyes
That you're gonna say goodbye
I wanna stay here forever
But you let go of my heart

Nothing's forever
Nothing's forever
Nothing's forever, no
I said that nothing's forever
Nothing's forever
Nothing's forever
Nothing's forever, no

I thought we'd stay here forever
But now we're falling apart
You always changed like the weather
But never showed me the sun (oh)
And I see it in your eyes
That you're gonna say goodbye
I wanna stay here forever
But you let go of my heart
