

# Bound

Zola Jesus

Bound into a stasis  
Looking for a way out  
I can see through your eyes  
Cities' walls, fears I'll ever know

But to you, it's not enough  
But to you, it's not enough  
But to you, it's not enough  
But to you, it's not enough

Want to live and wanna die  
Rest of us are wasting time  
Caught in the middle of our fate  
Caught in the middle of our fate

But to you, it's not enough  
But to you, it's not enough  
But to you, it's not enough  
But to you, it's not enough
