

# Explosion

Zolita

Your magic is my disease  
Corrupt my mind with dirty dreams  
It's a mindless love affair  
One hot mess of bleach blonde hair  
And I could kiss her but your lips taste better  
You could kiss him but my words are sweeter

Explosion (love you but I'm not in love  
You're all I've been dreaming of)  
Explosion (every breath is magnified  
Wasted feelings come alive)

We live in a pink cloud  
Things aren't always what they seem  
If people only knew  
That I'm the king and you're my queen  
When I'm with you there's no other  
Are we sisters or are we lovers?

Explosion (love you but I'm not in love  
You're all I've been dreaming of)  
Explosion (all I want is to feel your stare  
Grab my waist and pull my hair)

Don't call me about him I don't wanna hear  
Put him out of your mind just make him disappear  
Stop pretending you got nothing left to hide  
My memory is slipping and it's killing me alive  
Reached the bitter end, can't pretend  
I'm not in love with my best friend, my best friend

Reached the bitter end, and I can't pretend  
I'm not in love with my best friend, my best friend

In my dreams you are my queen  
I'm mad for you, you're mad for me  
Tell me that you'd die without me  
Cry without me, can't breathe without me

Explosion (love you but I'm not in love  
You're all I've been dreaming of)  
Explosion (I don't want you in my dreams  
Be mine in reality)

You're my queen, in my dreams  
In my dreams

You're mine, all mine, all mine, all mine  
You're mine, you're mine, all mine, you're mine, all mine, you're mine,  
e, you're mine, you're mine
