Dead End Crew

Zombie Ghost Train

I could be undead tomorrow
Wandering this land of sorrow
I'm gonna choose to deal my hand tonight
We'll take this dead-end ride to the other side
Ration your daylight leave our dark alone

We want you, we want you, we want you as a dead recruit

Take your heart and worth while
But this world divides your style
Nothing's gonna change your wicked ways
Wreck it up, cut the chain,
I'm tired of livin' your brain
You're gonna end up all alone

We want you, we want you, we want you as a dead recruit, yeah

We're the dead, we're the dead, we're the dead-end crew
We're the dead, we're the dead-end crew
We're gonna wreck your Christmas night

Do the deed, break the need
We're gonna bite the hand that feeds
Something's gonna change it won't be me
I wish you die a brutal death
Your broken bones I won't regret
I'm tired of selling you my style

We want you, we want you, we want you as a dead recruit, yeah

We're the dead, we're the dead, we're the dead-end crew
We're the dead, we're the dead-end crew
We're gonna wreck your Christmas night
