

## Magic Sword

Zonata

I am just a warrior, who is fighting for our king,  
No one's getting in when I'm there.  
Evil people try to take this land away from us,  
I think I better give them what they need.

Try to bring the magic sword that you have got for me,  
I'm told that it will take me to our victory (victory).  
If I don't watch out, they'll tear me all apart, right  
here.

They run to the castle where the king is hiding out,  
The soldiers try to stop them but they can't.  
I can see what the evil people are doing to my king,  
I can feel my anger coming out.

Try to bring the magic sword that you have got for me,  
I'm told that it will take me to our victory (victory).  
If I don't watch out, they'll tear me all apart, right  
here.

I run for the leader, and I cut his head right off,  
The others got so scared so they took off.  
Now the king is safe again, he gives me all his gold,  
But I cannot accept it, I'm a warrior.

Try to bring the magic sword that you have got for me,  
I'm told that it will take me to our victory (victory).  
If I don't watch out, they'll tear me all apart, right  
here.
