

# It's Love

Zonke

Eee, aaa

Ever wonder why people act so strange around someone  
I've seen it happen  
Some of my best friends and they had no clue  
Say what's going on  
Sound is very wrong  
When what I'm seeing  
Is where my thoughts  
Then one day we met  
And it was so clear

Now that I have you  
Suddenly comes true  
Don't tell me what, I know so well  
It felt so overrated  
But now I'm liberated  
And it's love, I feel inside

Need to understand what it really means  
To be in love  
None of my friends really had a clue  
No no no no no  
Tell me what's wrong  
Sound is really wrong  
When what I'm feeling  
Is where my thoughts  
Then one day I met you  
And now it's all clear

Now that I have you  
Suddenly comes true  
Don't tell me what, I know so well  
It felt so overrated  
But now I'm liberated  
And it's love (love), I feel inside ('side)

Never thought that I would ever get to feel this way  
Even be the reason why I should be happy  
In a world where no-one knows the meaning of true love  
Feeling good to be the one who knows the feeling

Now that I have you  
Suddenly comes true  
Don't tell me what (I feel inside), I know so well  
It felt so overrated  
But now I'm liberated  
And it's love, I feel inside (oh yeah)

Now that I have you  
Suddenly comes true (come true)  
Don't tell me what, I know so well (so well)  
It felt so overrated ('rated)  
But now I'm liberated (and it's love)  
And it's love I feel inside (I feel inside)

Now that I have you (oh yeah)

Suddenly comes true (oh yeah)  
Don't tell me what (yeah), I know so well  
It felt so overrated  
But now I'm liberated  
And it's love, I feel inside

Bring it back for me!  
And I said hey, hey  
Hey, hey  
Maa haa

I know it's love  
I know it's love

Oh, I know it's love  
I feel it's love  
I know it's love  
It's love
