Zonke

You're always on my mind, everyday (Everyday)
There's no more pride, where I stand
Those words I said, I didn't mean (Didn't mean)
All I want to know is, you're okay

Although we go in and out of love
Doesn't mean we're not in love (We're not in love)
That's why they say L.O.V.E love, It hurts
Although we go in and out of love
Doesn't mean (We're not in love)
Doesn't mean (We're not in love)
That's why they say L.O.V.E love, It hurts

No matter how (No matter how)
How far I go (How far I go)
Got me an Angel
Through the good times (Through the good times)
And all the bad (And all the bad)
Know you're my Angel
No matter how
How far I go
Got me an Angel
Through the good times
And all the bad
Found me an Angel

Although we go in and out of love
Doesn't mean we're not in love (We're not in love)
That's why they say L.O.V.E love, It hurts (It hurts baby)
Although we go in and out of love
Doesn't mean (We're not in love)
Doesn't mean (We're not in love)
That's why they say L.O.V.E love, It hurts

L.O.V.E love, It hurts baby
