

# Those Days

Zonke

Once upon a time, life was so simple  
We were so grateful for everything we had, yeah  
We were young and free to be whatever we dreamed  
There was no mountain we could not go, oh no  
Once upon a time  
Our joy was in giving each other a life with no fear or limits  
How things have changed, now I can only reminisce  
About the times and I start to cry and say

Help me to bring back those days  
When we were young  
Were young, were young  
Help me to bring back those days  
When we were young  
Were young, were young

Once upon a time  
Ubomi babulula  
Intlungu yam iyeyakho  
Oh, how I miss those days  
Usana iwam ilolwakho  
Olwakho ilolwam  
What happened to those days? Yeah  
How things have changed  
Now I can only reminisce  
About the times and I start to cry and say

Help me to bring back those days  
When we were young  
Were young, were young  
Help me to bring back those days  
When we were young  
Were young, were young

Help me to bring back, bring back  
Help me to bring back those days  
Those days  
Help me to bring back, bring back  
Help me to bring back those days  
Those days  
Those days  
(Can you still remember?)  
Those days  
(Can you still remember?)
