

# Tonight

Zonke

Diamond lights up in the sky  
I gotta feeling we'll be good tonight  
Share my world  
Though sometimes cold  
I know together we will never get old

We got only tonight  
Let's make it last forever  
Only this time  
Let us be forever

Cause we only got tonight (tonight) tonight  
Only tonight (tonight) tonight  
Only tonight (tonight) tonight (tonight)  
Only tonight (tonight) tonight

Diamond rug up in the sky  
I know that we'll be together tonight  
Share my world  
Though sometimes so rough  
Together we will never go wrong

We got only tonight (oho)  
Let's make it last forever (make it last)  
Baby this time  
Timing on our side (no) forever

Cause we got only tonight (tonight) tonight  
Only tonight (tonight) tonight  
We got only tonight (tonight) tonight (tonight)  
Only tonight (tonight) tonight

We got only tonight  
Make it last, make it last (forever)  
Timing is on our side  
La la la...  
Forever (forever)

We got only tonight (tonight)  
Only tonight (tonight)  
Only tonight (tonight)  
Only tonight  
We got only tonight (tonight)  
Only tonight (tonight)  
Only tonight (tonight)  
Only tonight
