

## Black Fly

Zoot Woman

Two souls seeking dependency  
Night talk will be the end of me

It's appealing  
Never healing  
Sympathy, regret  
Since the day we met  
Black fly

So misunderstood  
Solo  
Never felt so good  
The chase  
Could end today  
It's appealing  
Never healing  
Sympathy, regret  
Since the day we met  
A new feeling  
So misleading

Let it violate  
From this date  
Black fly

Sinking, but respectfully  
Somewhere, lost simplicity

I'll be on my way

It's appealing  
Never healing  
Sympathy, regret  
Since the day we met  
A new feeling  
So misleading  
Let it violate  
From this date  
Black fly  
Black fly
